

# Georgie's Paws

Take a Pause  
for SRTS!

## **BENEFITS THE ENTIRE COMMUNITY**

The benefits of Safe Routes to School programs extend beyond the school to the community it serves.

- Schools placed in neighborhoods near residential areas with a good street and sidewalk network have more students arriving by bicycle and on foot. Air quality is measurably better at such locations.
- Parents who walk or bike to school with their kids get to be sociable. Many parents find it to be an ideal way to meet new people -- even better than clubs, evening classes or the supermarket.

Visit the Resource Center at [www.SafeRoutesGA.org](http://www.SafeRoutesGA.org) to learn more about becoming a partner. Then contact the School Outreach Coordinator for your community and get started.
