

Georgie's Paws

Take a Pause
for SRTS!

SRTS CONTRIBUTES TO CLEANER AIR IN OUR SCHOOL'S NEIGHBORHOOD

Schools in neighborhoods with a good street and sidewalk network have more students arriving by bicycle and on foot. Air quality is measurably better where people walk and bike instead of drive.

Consider leaving the car at home just two days a week. By doing this, you will reduce greenhouse gas emissions by an average of 1,600 pounds per year.* Start by forming a walking school bus or bicycle train.

Resources

- Set up a Way to Go program at school with downloadable promotional flyers, frequent walker/biker punch cards and stickers at Georgia SRTS Resource Center web site: <http://www.SafeRoutesGA.org/Resources/Downloads>
